Subject: Support local jobs

I can't believe the EPA is going to push for a river cleanup that's bad for business.

First, let me say that I strongly support a cleanup of the Willamette River. However, I also don't think that our local businesses and families can afford to pay huge bills for the cleanup. The EPA should make sure the cost to implement the plan is reasonable.

Thank you for taking time to read my comments. I wish you luck on finishing a plan that supports our economy and cleans the river.

Also it took many decades to cause the problem and a lot of the companies are gone. It should not be up to the ones remaining to fix the whole thing. With some companies are hurting anyway.

Sincerely,
